The Luxura V₈ has a dazzling design that illuminates from the beautiful top to bottom. The smooth, high quality finishing –with no visible fastening materials emphasizes its stylish appearance.

The Luxura V₈ includes the special Ambient FlowLight that brightens up the room with an inviting carousel of light, with one colour seamlessly flowing into the next. Alternatively, you can select a single colour tint so the V₈ perfectly matches the cabin, salon or mood. Ambient FlowLight accents the elegant design thanks to the V-shape of the doors and the accent lines along the bottom of the doors. Moreover, through use of a light element beneath the unit, it provides a visual 'floating' effect. Inside the cabin the Ambient FlowLight Panel creates a relaxing atmosphere between and during the tanning sessions.

The Luxura V₈ has two space saving doors which can be opened light and effortlessly. At the inside the comfortable non-skid floor ensures a secure stand.

For those who find it uncomfortable to enjoy a tanning session with closed doors: the clever design of the V₈ makes it possible to leave the doors a chink, half or even completely open while tanning.
